Knights to decide on hosting dinner

Council 13366 usually hosts a dinner or breakfast during the month of February. The meal is usually served on the third Sunday of the month.

Council members will decide at the Feb. 6 meeting whether to serve a meal this month.

The youth club is having a dinner the evening of Feb. 13. Council members likely will discuss whether holding two dinners that close together would hurt turnout of either dinner.

The council used to hold a breakfast, but because of space limitations the Knights decided to hold a dinner during the school year so as not to disrupt religious education classes.

My Corner

Michael McNutt

If it seems just like yesterday we were enjoying temperatures in the 70s, it's because it was.

From record-tying warm temperatures to single digits along with snow and ice all in the span of just a couple days shows that Oklahoma's weather is the most schizophrenic out there, and is another example that we don't know what life has in store for us.

What may seem like a well thought-out plan may quickly dissolve to chaos, and some of the things we do on a whim turn out pretty well.

The one stable object in our lives though is God. His love doesn't fluctuate like a barometer or a thermometer.

God's hope for us is that we live up to our best potential. The trick is achieving that goal. All of us are a part of God's plan. The simple acts of love and mercy that we can provide make this world a better place.

As Lent approaches, it may be a good time to reflect on our lives, work to stay on God's path and try to avoid slippery detours.

Slips and falls will occur.

We just have to realize God is there to pick us up, dust us off and get us headed back in the right direction.
